Free ADR Tools: 6 Compared for UN Lookup, Points and Load Checks (2026)

8 October 2026 · Vektor Group

Free ADR tools each answer one question: what a UN number carries, whether a load is under 1,000 points, whether a packaging fits limited quantities. These six cover those jobs, and every one of them states ADR 2025.

Each entry says where free use ends and what the tool leaves to the ADR text.
